Solution #11

Solution #12

A square maze with a complex pattern of black walls and white paths. A single path is highlighted in red, starting from the top-left corner and winding through various turns and dead ends before exiting at the bottom-right corner. The maze consists of numerous interconnected loops and corridors of varying widths.

A complex black and white maze with a red line tracing a path from the top left to the bottom right. The path starts at the top left corner and winds through the maze, ending at the bottom right corner. The maze is composed of many interconnected paths and dead ends, creating a challenging puzzle.

[illegible]

A complex black and white maze with a red line tracing a path through it. The maze consists of many interconnected paths and dead ends. The red line starts at the top left and winds through the maze, eventually exiting at the bottom right.

A square maze with a red path tracing a route from the top-left corner to the bottom-right corner. The path starts at the top-left, moves right, then down, then right again, and continues in a series of steps and turns, eventually reaching the bottom-right corner. The path is highlighted in red against the black and white maze structure.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A complex black and white maze with a red line tracing a path from the top left to the bottom right. The path starts at the top left corner and winds through the maze, ending at the bottom right corner. The maze is composed of many interconnected paths and dead ends, creating a challenging navigation task.

A complex black and white maze with a red line tracing a path through it. The maze is composed of many interconnected paths and dead ends. The red line starts at the top left and winds through the maze, eventually exiting at the bottom right.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths, with the red line indicating the solution route.

A complex black and white maze with a red line tracing a path through it. The path starts at the top left, moves right, then down, then right again, and continues through various turns and dead ends, eventually reaching the bottom right corner.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and winds through the maze, ending at the bottom-right corner. The maze is composed of black walls and white paths.

A complex black and white maze with a red line tracing a path through it. The path starts at the top left and winds through the maze, ending at the bottom right. The maze is composed of many interconnected paths and dead ends, creating a challenging navigation task.

A square maze with a complex network of paths and dead ends. A red line traces a specific path from the top-left corner towards the bottom-right area of the maze. The path starts at the top-left, moves right, then down, navigating through various turns and dead ends before reaching a small opening near the bottom center.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path. The path is highlighted in red, starting from the top left corner and ending on the right edge. The maze consists of many dead ends and loops, making it a challenging puzzle.

[illegible][illegible]

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A complex black and white maze with a red line tracing a path through it. The maze is rectangular and filled with a dense network of black walls forming a white path. A red line starts at the top left corner and follows a specific route through the maze, ending at the bottom right corner. The path is highly convoluted, involving many turns and dead ends.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

[illegible]

A complex black and white maze with a red line tracing a path through it. The maze is rectangular and filled with a dense network of black walls forming a complex pattern of paths and dead ends. A red line starts at the top left corner and winds its way through the maze, eventually exiting at the bottom right corner. The path is a single continuous line that explores various branches of the maze before finding the exit.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A complex black and white maze with a red line tracing a path from the top left to the bottom right. The path starts at the top left corner, moves right, then down, then right again, and continues through a series of turns and dead ends, eventually reaching the bottom right corner. The maze is composed of many interconnected paths and dead ends, creating a challenging navigation task.

[illegible]

A square maze with a red line tracing a path through it. The maze is composed of black walls and white paths. The red line starts at the top left corner and winds its way through the maze, ending at the bottom right corner. The path is a single continuous line that visits many of the maze's cells.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a red path tracing a route from the top-left corner to the bottom-right corner. The path starts at the top-left corner and winds through the maze, ending at the bottom-right corner. The path is highlighted in red, while the rest of the maze walls are black.

A complex black and white maze with a red line tracing a path through it. The maze consists of many interconnected paths and dead ends. The red line starts at the top left and winds through the maze, eventually reaching the bottom right corner.

A complex black and white maze with a red line tracing a path through it. The path starts at the top left corner and winds through the maze, ending at the bottom right corner. The maze is composed of many interconnected paths and dead ends, creating a challenging navigation task.

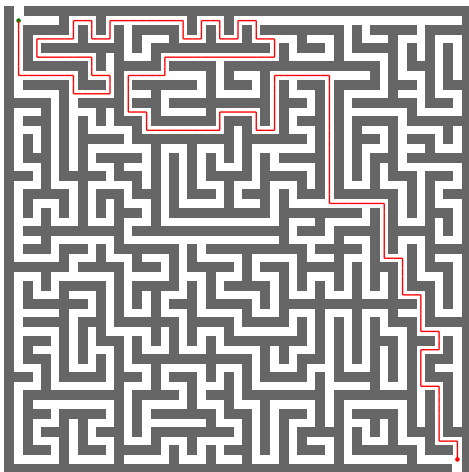

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths, with the red line indicating the solution route.

A complex black and white maze with a red line tracing a path through it. The maze is composed of many interconnected paths and dead ends. The red line starts at the top left and winds its way through the maze, eventually exiting at the bottom right.
