A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A complex black and white maze with a red line tracing a path through it. The path starts at the top left, moves right, then down, then right again, and continues in a series of turns, eventually reaching the bottom right corner. The maze is composed of many interconnected paths and dead ends, creating a challenging navigation task.

A square maze with a red path tracing a route from the top-left corner to the bottom-right corner. The path starts at the top-left corner and winds through the maze, ending at the bottom-right corner. The path is highlighted in red, while the rest of the maze walls are black.

A square maze with a complex, winding path. The path is highlighted in red, starting from the top-left corner and ending at the bottom-right corner. The maze is composed of black lines forming a grid of paths and dead ends. The red path starts at the top-left corner, moves right, then down, then right again, and continues in a series of turns and loops, eventually reaching the bottom-right corner. The path is a single continuous line that winds through the maze, avoiding dead ends and loops.

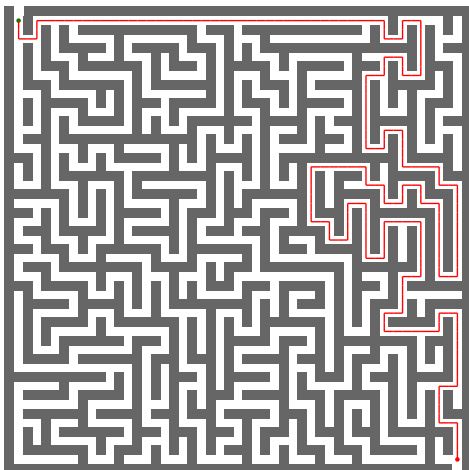

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

[illegible]

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A complex black and white maze with a red line tracing a path through it. The maze is composed of many interconnected paths and dead ends. The red line starts at the top left and winds through the maze, eventually exiting at the bottom right.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths, with the red path being the only one of its color.

A complex black and white maze with a red line tracing a path through it. The maze is rectangular and filled with a dense network of black walls forming a complex pattern of paths and dead ends. A red line starts at the top left corner and winds its way through the maze, eventually exiting at the bottom right corner. The path is a single continuous line that explores various branches of the maze before finding the exit.

A complex black and white maze with a red line tracing a path through it. The maze is composed of many interconnected paths and dead ends. The red line starts at the top left and winds through the maze, eventually exiting at the bottom right.

[illegible]

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls on a white background.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top left corner and winds through the maze, eventually exiting at the bottom right corner. The maze is composed of black walls and white paths.

A square maze with a red path highlighted. The path starts at the top-left corner and winds through the maze, ending at the bottom-right corner. The path is composed of several connected segments, some of which are straight lines and others which are more complex, involving multiple turns. The path is highlighted in red against a black background.

A complex black and white maze with a red line tracing a path through it. The maze is composed of many interconnected paths and dead ends. The red line starts at the top left and winds through the maze, eventually exiting at the bottom right.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A complex black and white maze with a red line tracing a path through it. The path starts at the top left and winds through the maze, ending at the bottom right. The maze is composed of many interconnected paths and dead ends, creating a challenging puzzle.

A complex black and white maze with a red line tracing a path through it. The maze is rectangular and filled with a dense network of black walls forming a complex pattern of paths and dead ends. A red line starts at the top left corner and winds its way through the maze, eventually exiting at the bottom right corner. The path is clearly marked by the red line, which follows a series of turns and dead ends to reach the exit.

A complex black and white maze with a red line tracing a path from the top left to the bottom right. The path starts at the top left corner and winds through the maze, ending at the bottom right corner. The maze is composed of many interconnected paths and dead ends, creating a challenging puzzle.

A complex black and white maze with a red line tracing a path through it, starting from the top left and ending at the bottom right. The maze is composed of many interconnected paths and dead ends, creating a highly convoluted structure. The red line follows a specific route, navigating through the various turns and dead ends of the maze.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a black background and white paths. A red line traces a path from the top-left corner to the bottom-right corner. The path starts at the top-left, moves right, then down, then right again, and continues through a series of turns and loops, eventually reaching the bottom-right corner. The maze is composed of many interconnected paths and dead ends, creating a complex challenge for the solver.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A complex maze with a red line tracing a path through it. The maze is composed of black walls and white paths. The red line starts at the top left corner and winds through the maze, eventually reaching the bottom right corner.

A square maze with a complex, winding path. The path is highlighted in red, starting from the top-left corner and ending at the bottom-right corner. The maze consists of many dead ends and loops, making it a challenging puzzle.

A square maze with a red path highlighted. The path starts at the top-left corner and ends at the bottom-right corner. The path is a single continuous line that winds through the maze, avoiding dead ends. The maze is composed of black walls and white paths. The red path is a single continuous line that winds through the maze, starting from the top-left corner and ending at the bottom-right corner. The path is a single continuous line that winds through the maze, starting from the top-left corner and ending at the bottom-right corner.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls on a white background.

A complex black and white maze with a red line tracing a path from the top left to the bottom right. The path starts at the top left corner and winds through the maze, ending at the bottom right corner. The maze is composed of many interconnected paths and dead ends, creating a challenging puzzle.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths, with the red line clearly marking the solution route.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a black border. The interior is filled with a complex pattern of black walls and white paths. A red line traces a path from the top-left corner to the bottom-right corner. The path starts at the top-left, moves right, then down, then right again, and continues through various turns and dead ends, eventually reaching the bottom-right corner.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls on a white background.

[illegible]

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A complex black and white maze with a red line tracing a path through it. The maze is composed of many interconnected black lines forming a grid of white paths. A red line starts at the top left and winds through the maze, eventually exiting at the bottom right.

[illegible]

A complex black and white maze with a red line tracing a path through it. The maze is rectangular and filled with a dense network of black walls forming a complex pattern of paths and dead ends. A red line starts at the top left corner and winds its way through the maze, eventually exiting at the bottom right corner. The path is a single continuous line that explores various branches of the maze before finding the exit.

A square maze with a complex, winding path highlighted in red. The path starts at the top left corner and winds through the maze, ending at the bottom right corner. The maze is composed of black walls and white paths.

A square maze with a black background and white paths. A red line traces a path from the top-left corner to the bottom-right corner. The path starts at the top-left, moves right, then down, then right again, and continues with various turns, eventually reaching the bottom-right corner. The maze is composed of many interconnected paths and dead ends.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black lines forming the walls and white space for the paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a red path highlighted. The path starts at the top-left corner and ends at the bottom-right corner. The path is a single continuous line that winds through the maze, avoiding the walls. The maze is composed of black walls and white paths. The red path is a single continuous line that starts at the top-left corner and ends at the bottom-right corner. The path is a single continuous line that winds through the maze, avoiding the walls. The maze is composed of black walls and white paths. The red path is a single continuous line that starts at the top-left corner and ends at the bottom-right corner.

[illegible]

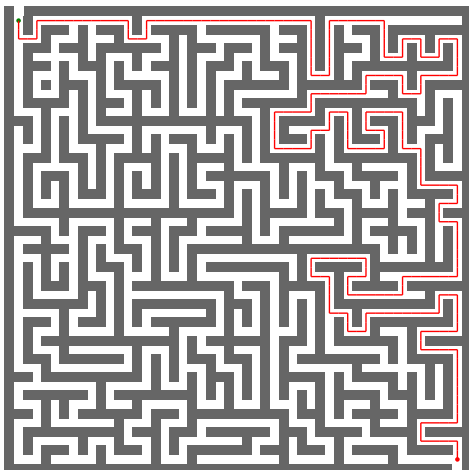

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.

A square maze with a complex, winding path highlighted in red. The path starts at the top-left corner and ends at the bottom-right corner, navigating through numerous dead ends and loops. The maze is composed of black walls and white paths.
